## AGRADECIMENTOS

Agradeço primeiramente ao Professor Carlos Portugal Gouvêa que acreditou na minha capacidade de realizar essa pesquisa e, durante esses anos, atuou como mais do que um orientador e sim um mentor para minha carreira acadêmica. Agradeço por ter acreditado e me apoiado em minhas escolhas, demonstrando que eu poderia voar mais longe. Por isso, serei sempre grata.

Agradeço também a Pedro Ramos que mais do que um chefe, se tornou um grande conselheiro, apoiador e, mais do que isso, amigo. Obrigada por me ajudar a viabilizar meus sonhos e por estar ao meu lado enquanto eu batalho para conquistá-los. Agradeço ao Baptista Luz Advogados por ter sido minha segunda casa por tantos anos. Agradeço à Ana Paula e Ana Flávia pela força diária e inspiração para que eu fosse melhor todos os dias. Agradeço à Vitoria, Amanda, Giovanna e Pietra por me orgulharem. Agradeço a Guilherme pela parceria.

Agradeço à Mariana Valente pelos comentários tão relevantes que fizeram esse trabalho avançar e pelo apoio nessa jornada. Agradeço igualmente à Maria Cecília Gomes cuja amizade e companheirismo vão muito além do mundo profissional e acadêmico e me permitem enxergá-la como uma irmã mais velha. Agradeço a Gustavo Kastrup por ser meu melhor amigo e melhor revisor.

Agradeço à Victoria Germano por ter acreditado na minha coragem antes de mim. Agradeço à Bruna, Teresa, Ana Carolina, Diana e Barbara por me apoiarem incondicionalmente desde 2012, me mostrando que eu sempre terei com quem contar. Agradeço às Rainhas por sempre estarem lá por mim, independentemente de onde a vida me leva. Agradeço à Gabriela, Nina e Larissa por me mostrarem que o tempo não impacta amizades verdadeiras. Agradeço a Felipe e José por torcerem por mim. Agradeço à Mariane pelas conversas.

Agradeço a Felipe e Lauri por estarem comigo na próxima jornada e terem me ajudado a terminar essa.

Agradeço aos meus avós por terem me ensinado o que de fato importa na vida. Agradeço ao Tio Lauro por ter me mostrado o que significa ter suporte e cuidado. Agradeço ao João Vitor por ter me mostrado o que é companheirismo. Agradeço à Tia Ana por ter me dado segurança.

E, por fim, agradeço à minha mãe, Andrea, por tudo. Eu não seria quem eu sou se não fosse você.

## RESUMO

ANDRADE, Andressa Bizutti. O setor de vídeo sob demanda e suas tecnologias: impactos na cultura e no audiovisual. 2021. 304 fls. Mestrado – Faculdade de Direito, Universidade de São Paulo, São Paulo, 2021.

Este trabalho tem como objetivo analisar a estrutura do setor de vídeo sob demanda e as principais tecnologias por ele utilizadas para compreender o impacto de ambos na promoção cultural brasileira e no setor de produção audiovisual nacional, considerando os princípios constitucionais relacionados ao tema e as regulações aplicáveis. Com base em tal análise, será possível compreender a necessidade ou não de uma regulação específica do setor de vídeo sob demanda – considerando, principalmente, os debates promovidos pela Ancine - e, em caso positivo, em que tal regulação deverá focar. Assim, a hipótese deste estudo é que as regulações que buscarem promover o acesso, a valorização e a difusão da cultura nacional via o fomento do setor nacional de produção audiovisual, regulando o setor de vídeo sob demanda, terão dificuldades em atingir seus objetivos caso não levem em consideração: (i) a estrutura do mercado de vídeo sob demanda; e (ii) as tecnologias utilizadas por referido mercado. Para teste da referida hipótese, no Capítulo 2, se apresentará o setor audiovisual brasileiro e se analisará as normativas relacionadas à promoção cultural e ao setor audiovisual, incluindo-se dispositivos constitucionais, para que se possa entender como este tema foi regulado no Brasil. Em seguida, no Capítulo 3, será mapeada a estrutura do setor de vídeo sob demanda para que se possa compreender como esta impacta promoção cultural nacional e o setor audiovisual brasileiro. Ainda no Capítulo 3, será analisado se o direito antitruste consegue endereçar os impactos do setor de VOD em promoção cultural e no setor audiovisual para compreender se a estrutura deste mercado requer atuação estatal para além do direito concorrencial para garantir o cumprimento dos preceitos constitucionais relacionados à promoção cultural. No Capítulo 4, as tecnologias do setor de vídeo sob demanda serão analisadas a partir do mapeamento dos blogs “Netflix Tech Blog” e “Netflix Technology Blog”, ambos de titularidade da empresa de vídeo sob demanda Netflix, nos quais a Netflix, por meio de seus funcionários, apresenta e explica, desde 2010, as tecnologias utilizadas por ela. Por fim, no Capítulo 5, se analisará as propostas de regulação do setor de vídeo sob demanda para que a hipótese descrita possa ser de fato testada – isto é, se verificará se as propostas discutidas levam em consideração os impactos gerados pelo setor de vídeo sob demanda à cultura nacional, considerando os resultados obtidos ao longo dessa pesquisa. Ao final, com base nos resultados da presente pesquisa, serão apresentadas conclusões sobre o que a autora entende que deve ser o foco de eventual regulação do setor de vídeo sob demanda, considerando tudo o que foi analisado durante este trabalho.

## ABSTRACT

ANDRADE, Andressa Bizutti. The video on demand sector and its technologies: impacts on culture and audiovisual. 2021. 304 p. Master – Faculty of Law, University of São Paulo, São Paulo, 2021.

This work has the purpose of analyzing the structure of the video-on-demand sector and of the main technologies used by it to comprehend their impact in Brazilian cultural promotion and on the national audiovisual production sector, considering the constitutional principles related to the theme and the applicable regulations. Based on such analysis, it will be possible to understand the need for a specific regulation of the video-on-demand sector – considering, mostly, the debates promoted by Ancine – and, if so, what should be the focus of such regulation. Thus, this study hypothesizes that regulations that seek to promote the access, appreciation, and diffusion of national culture through the foment of the Brazilian audiovisual production sector, regulating the video-on-demand sector, will have difficulties in reaching their goals if they do not consider: (i) the video on demand market's structure; and (ii) the technologies used by such market. For this hypothesis' testing, in Chapter 2, the Brazilian audiovisual sector will be presented, and the Brazilian regulation regarding cultural promotion and the audiovisual sector will be analyzed, including constitutional provisions, to understand how this theme has been regulated in Brazil. Then, in Chapter 3, the video-on-demand sector will be analyzed to comprehend its impact on the national cultural promotion and the Brazilian audiovisual sector. Still in Chapter 3, an antitrust law analysis will be performed to understand if antitrust can address the effects of the VOD sector on cultural promotion and the audiovisual sector. The purpose of this analysis is to comprehend if the VOD markets' structure requires state action beyond competition law to guarantee the fulfillment of the constitutional rules related to cultural promotion. In Chapter 4, the video-on-demand sector's technologies will be analyzed from the mapping of the “Netflix Tech Blog” and “Netflix Technology Blog” blogs, both owned by the video-on-demand company Netflix, in which Netflix, by its employees, presents and explains, since 2010, the technologies used by the company. Finally, in Chapter 5, an analysis of the regulation proposals for the video-on-demand sector will be performed so that the described hypothesis can be tested – that is, it will be verified if the discussed proposals take into consideration the impacts generated by the video-on-demand sector to national cultural, considering the results achieved throughout this research. Lastly, based on the results of the current research, conclusions will be presented on what the author understands must be the focus of possible regulations of the video-on-demand sector, considering all that was analyzed during this paper.

## 1 INTRODUÇÃO

Este trabalho tem como objetivo analisar a estrutura do setor de vídeo sob demanda e as principais tecnologias por ele utilizadas para compreender o impacto de ambos na promoção cultural brasileira e no setor de produção audiovisual nacional, considerando os princípios constitucionais relacionados ao tema e as regulações aplicáveis. Com base em tal análise, será possível compreender a necessidade ou não de uma regulação específica do setor de vídeo sob demanda - considerando, principalmente, os debates relacionados ao tema promovidos pela Ancine - e, em caso positivo, em que tal regulação deverá focar.

Assim, a hipótese deste estudo é que as regulações que buscarem promover o acesso, a valorização e a difusão da cultura nacional via o fomento do setor nacional de produção audiovisual, regulando o setor de vídeo sob demanda, terão dificuldades em atingir seus objetivos caso não levem em consideração: (i) a estrutura do mercado de vídeo sob demanda; e (ii) as tecnologias utilizadas por referido mercado.

Para se testar essa hipótese, no Capítulo 2 deste trabalho, se buscará (i) apresentar os segmentos do mercado de audiovisual e o atual estado do audiovisual brasileiro; (ii) analisar a teoria de “cultural economics” e razões do porquê pode fazer sentido o Estado investir em setores culturais; (iii) compreender o que o Estado brasileiro buscou proteger ao incluir na Constituição Federal disposições sobre acesso, valorização e difusão de cultura nacional (chamado neste trabalho, de forma resumida, de “promoção cultural”), (iv) e demonstrar, de forma resumida, como o audiovisual brasileiro – cujo setor de vídeo sob demanda faz parte – foi regulado considerando os dispositivos constitucionais relacionados.

No Capítulo 3, se analisará a estrutura do setor de vídeo sob demanda para compreensão do seu impacto na promoção cultural brasileira e no setor de produção audiovisual nacional, considerando a análise feita no Capítulo 2 sobre o mercado audiovisual e os dispositivos constitucionais e regulatórios relacionados.

Assim, no Capítulo 3, será realizado um mapeamento referente ao mercado de vídeo sob demanda, incluindo-se a apresentação das principais empresas deste setor que atuam no mercado brasileiro, análise de informações fornecidas ao público, entre outras. Após tal mapeamento, serão aprofundadas características desse setor que podem impactar promoção cultural nacional e o funcionamento do setor de produção audiovisual. Elas são: (i) as barreiras à entrada presentes no setor que levam à sua concentração em empresas majoritariamente dos

EUA; (ii) a atuação como “gatekeeping” das plataformas de vídeo sob demanda; (iii) assimetria de informações; e (iv) tendências à concentração vertical (e, possivelmente, horizontal).

Após tal mapeamento, também será analisado se o direito antitruste consegue endereçar os impactos do setor de VOD em promoção cultural e no setor audiovisual para compreender se a estrutura deste mercado requer atuação estatal para além do direito concorrencial para garantir o cumprimento dos preceitos constitucionais relacionados à promoção cultural.

No Capítulo 4 serão analisadas as tecnologias utilizadas pelo setor de vídeo sob demanda e se elas têm o condão de impactar promoção cultural e o funcionamento do setor audiovisual. Como base de dados para realização dessa pesquisa, serão utilizados os blogs “Netflix Tech Blog” e “Netflix Technology Blog”, ambos de titularidade da empresa de vídeo sob demanda Netflix, nos quais a Netflix, por meio de seus funcionários, apresenta e explica, desde 2010, as tecnologias utilizadas por ela.

Por fim, no Capítulo 5 se buscará entender quais são as propostas de regulação do setor de vídeo sob demanda para que a hipótese descrita possa ser de fato testada – isto é, se verificará se as propostas discutidas levam em consideração os impactos gerados pelo setor de vídeo sob demanda à cultura nacional, considerando os resultados obtidos ao longo dessa pesquisa.

Ao final, com base nos resultados da presente pesquisa, serão apresentadas conclusões sobre o que a autora entende que deve ser o foco de eventual regulação do setor de vídeo sob demanda, considerando tudo o que foi analisado durante este trabalho.

## 6 CONCLUSÃO

Este trabalho teve como propósito analisar a estrutura do setor de vídeo sob demanda e as principais tecnologias por ele utilizadas para compreender o impacto de ambos na promoção cultural brasileira e no setor de produção audiovisual nacional, considerando os princípios constitucionais relacionados ao tema e as regulações aplicáveis. Com base em tal análise, foi possível compreender a necessidade de uma regulação específica do setor de vídeo sob demanda.

A hipótese aqui testada e que se mostrou verdadeira foi: as regulações que buscarem promover o acesso, a valorização e difusão da cultura nacional via o fomento do setor nacional de produção audiovisual, regulando o setor de vídeo sob demanda, terão dificuldades em atingir seus objetivos caso não levem em consideração: (i) a estrutura do mercado de vídeo sob demanda; e (ii) as tecnologias utilizadas por referido mercado.

Restou claro que se não forem consideradas as estruturas do mercado de vídeo sob demanda, alinhado às tecnologias que tal mercado utiliza, a regulação não será eficiente, pois não endereçará corretamente a forma como este mercado impacta promoção cultural que é diminuindo a diversidade de fontes de criação. Assim, se concluiu que uma regulação do setor de vídeo sob demanda deve focar na busca de garantias de diversidade criativa.

Na perspectiva mercadológica, notou-se no Capítulo 3 características do mercado de vídeo sob demanda que impedem o seu desenvolvimento por empresas brasileiras e que dificultam a promoção da cultura nacional. Elas são: (i) as barreiras à entrada presentes no setor que levam à sua concentração em empresas majoritariamente dos EUA; (ii) a atuação como “gatekeeping” das plataformas de vídeo sob demanda; (iii) assimetria de informações; e (iv) tendências à concentração vertical (e, possivelmente, horizontal).

Em relação às tecnologias utilizadas pelo setor, a análise dos blogs da Netflix feita no Capítulo 4 demonstra que a tecnologia impacta a promoção cultural diretamente. O que é produzido/adquirido, como é produzido e como é divulgado é definido com base em tecnologia e análise de dados – claro, não se nega a existência a interferência humana, mas, conforme comprovado na pesquisa empírica realizada, tais decisões são fundamentadas em testes, dados, análises e tecnologia. E mais, em números não antes vistos no mercado audiovisual, pois antes da internet, não era possível ter essa quantidade de informação sobre o público consumidor, no nível de capilaridade apresentado.

Assim, ao se analisar as propostas de regulação do setor de vídeo sob demanda, verificou-se que elas não endereçam os impactos gerados por esse setor. São propostas criadas

com fundamento em regulações já existentes, discutidas inclusive no Capítulo 2. Como visto, elas não funcionam para garantir diversidade criativa na forma como é necessária para garantir promoção cultural no setor de vídeo sob demanda, nos moldes como definidos pela Constituição Federal.

Assim, após o resultado dessa pesquisa, foram pensadas nas seguintes propostas de regulação que deveriam ser endereçadas, considerando o impacto do setor de vídeo sob demanda na cultura brasileira: (i) alteração do formato de Condecine-Título para cobrança sobre o faturamento, nos moldes apresentados pelo Grupo de Trabalho do Conselho Superior do Cinema; (ii) criação de mecanismos regulatórios que forneçam à Ancine acesso a informações do setor de vídeo sob demanda para que se possa acompanhar o desenvolvimento deste setor e o impacto deste em promoção cultural nacional; (iii) incentivos fiscais a empresas de vídeo sob demanda que investirem no setor audiovisual brasileiro; (iv) incentivos fiscais maiores em caso de investimentos em obras brasileiras que sejam produzidas sem nenhum tipo de ingerência de plataformas de vídeo sob demanda; (v) alteração do conceito de obra brasileira independente para que reste claro que ela não pode ter qualquer tipo de ingerência de plataformas de vídeo sob demanda com o objetivo de garantia de diversidade criativa; e (vi) incentivos fiscais ainda maiores para plataformas de vídeo sob demanda que insiram em seus catálogos obras brasileiras independentes que sejam produzidas sem qualquer tipo de ingerência de plataformas de vídeo sob demanda.

Em paralelo, sobre obrigações de cota de conteúdo nacional e de proeminência, entende-se que primeiro é necessário acesso a informações do setor de vídeo sob demanda para que tais políticas possam ser construídas.

Ao fim deste trabalho, conclui-se que mercados inovadores trazem desafios inovadores. Buscar soluções em estratégias existentes pode, no máximo, servir de inspiração, mas sem uma preocupação em se compreender como tais mercados impactam a sociedade, o direito irá falhar ao tentar endereçar tais impactos. Espera-se que essa pesquisa sirva de inspiração a outros pesquisadores que buscam entender como gerar mudanças sociais através do direito.
